MLC — SO MUCH MORE *Than a Master's Degree*

IMPACT YOUR MINISTRY

School Business Administration was my absolute favorite class in the principal emphasis program. Just really taking a hard look at how we provide what our schools need as far as staffing and resources. Taking a different approach to the way that we historically do church and school budgeting. It's just a very refreshing look at how to make the best of what we have with our resources and blessings.

Adam Pavelchik, 2022 Graduate
MS in Educational Administration—Principal

GROW IN FAITH

I knew it was going to be Christ-centered and that our professors would be working for the same mission I was.

Nicole Lehman, 2022 Graduate
MS in Education—Special Education

CONNECT PROFESSIONALLY WITH YOUR PEERS

I've been blessed to get to know so many fellow called workers throughout the program, so it really has changed the way that I relate to people across the synod. It's opened up some amazing blessings and opportunities that have been so much fun to see God develop for me.

Dr. Kristen Meyer, 2022 Graduate
MA in Theological Studies
