

NEW BEGINNINGS

A HOME FOR MOTHERS

New Beginnings - A Home for Mothers, located in Milwaukee, WI, provides a loving place for single mothers and their babies to start a new life.

NEW BEGINNINGS - A HOME FOR MOTHERS *Report*

"You talk a woman out of an abortion, but you do nothing to help her."

Those words launched New Beginnings - A Home for Mothers in 1993. Since the *Dobbs* ruling, we are going to see more single mothers. As it is, New Beginnings is at capacity nearly all the time.

WE NEED TO GROW.

Here's the latest: In September 2021, we purchased 1.6 acres of land on the north end of the city of Milwaukee, WI. The plans have been drawn, we've received municipal approvals, and we are now raising the funds to build.

The unique nature of New Beginnings is that it isn't simply an extended-stay maternity home. New Beginnings uses a "6 Pillars" program that focuses on raising generationally-poor single mothers out of poverty to become self-sustaining Christian mothers.

The New Beginnings' program is built on the following "6 Pillars":

Pillar 1 - Spiritual | We guide mothers using a faith-based component that serves as the ideological anchor in navigating their personal journeys to responsibility and self-sufficiency.

Pillar 2 - Parental | We help mothers learn important skills to raise an infant, toddler, adolescent, and adult by what she does, teaches, and the way she models her values.

Pillar 3 - Personal | We guide mothers along a responsible self-care path that explores important physical and mental health issues.

Pillar 4 - Social | We help mothers learn the social cues toward self-sufficiency through thoughtful communication skills and a displayed concern for the well-being of others.

Pillar 5 - Educational | We help mothers reach educational goals necessary for her to achieve self-sufficiency and proficiency in a chosen profession.

Pillar 6 - Vocational | We guide mothers into a career that is fulfilling, enduring, and generates a wage that is self-sustaining.

Spring 2023 Issue

A Heart for Mothers... A Home for Mothers

CAPITAL CAMPAIGN

Mothers come to New Beginnings for reconstruction - reassembling the broken pieces of their challenged lives. New Beginnings provides the opportunity to learn from the past and gain the skills to move forward.

Presently, New Beginnings leases a small apartment building that can house four mothers and their babies. We are often full and must tell an applicant, "We have no room."

The New Beginnings building is designed to serve up to 12 mothers and their children. It will also include all the offices, program, and activity space necessary to serve New Beginnings for years to come, with provisions for future expansion.

Help us to help the mothers and their babies. Consider what you can do to make this place a reality and a model to be emulated.
